Temporary tattoo paper instructions

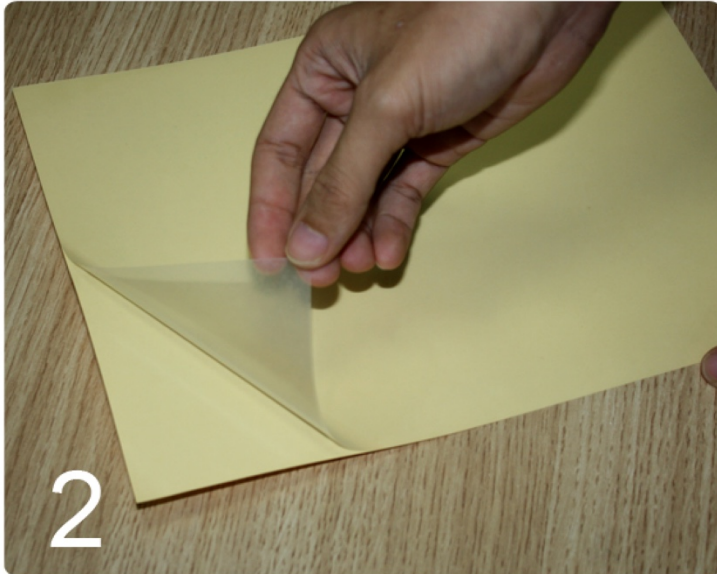

The temporary tattoo paper consist of two parts, printing paper and clear adhesive film sheet.

Instructions

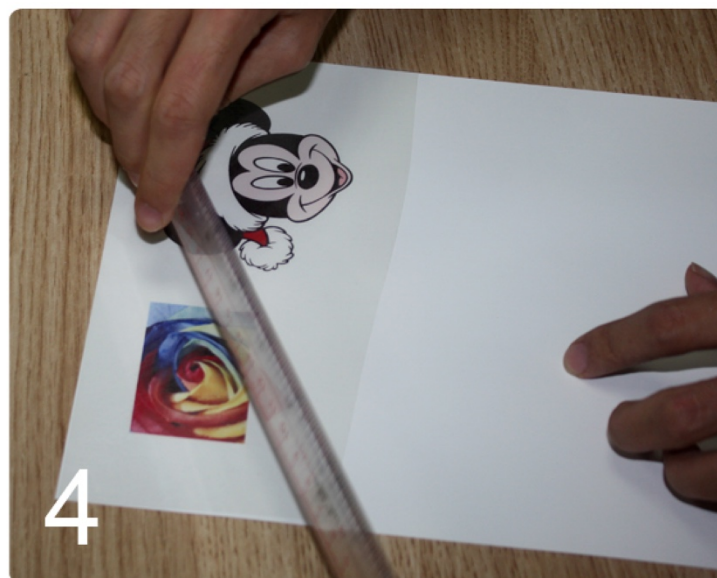

Print your design on the blank side of the printing paper.

Remove paper liner from clear adhesive film sheet.

Apply the clear adhesive film sheet to the printing paper. Avoid trapping air between the adhesive film and the printing paper.

Use a ruler or soft cloth for proper bondage.

Cut out your tattoo.

Make sure the skin is dry and oil free. Remove the clear top sheet and place the tattoo on your skin.

Press a wet sponge against the tattoo and wait 30 seconds.

Remove the paper and pat dry the skin gently.

Feel fabulous!
